

ThoughtAction Career Accelerator™ Presents Core Needs Navigator™: Unlocking Your Path to Career Fulfillment

Would you like to discover and identify potential career pathways that are both enjoyable and fulfilling? The secret is to understand what excites, energizes and satisfies you (known as Core Needs), and how to meet these Core Needs in your work.

In this insightful and action-oriented virtual program, you will identify your unique set of Core Needs to ensure your professional satisfaction.

What will you gain during this **seven-week virtual** program?

- How to meet your expectations in your current role
- Techniques on how to make efficient decisions about your future and throughout the remainder of your career
- Practical and effective methods in order to discuss your needs and growth opportunities with your manager

The program is comprised of **personal exploration assignments** (complete with coaching and feedback) and **two interactive live webinars** (where you will gain ideas and best practices from the coach/facilitator and your colleagues). In addition, as part of the program, you will receive **two individual coaching sessions** with a professional coach to support in your self-exploration and discovery.

The complete program is offered to YU staff for \$445, for which staff members can use PD funds.

Career fulfillment is available to you – you just need the right tools to attain it!
